

CHEF
cooking

The Chef in Aussie kitchens
for over 70 years

The Chef in Aussie kitchens for over 70 years.

At Chef, we make cooking appliances designed to free up the time you spend in the kitchen.

They come with all the useful features you need, are efficient without being fussy, and add style.

The new appliances in the Chef range are simple to use, easy to maintain and above all, will help make time spent in the kitchen more enjoyable.

built-in ovens

The Chef 80L* built-in ovens are large enough to meet all your cooking needs, whether it's the Sunday roast, a large lasagne or baking for friends and family.

Chef's latest ovens also have an innovative air-cooled door to reduce the surface temperature of the glass.

The range of Chef cooking appliances have all the features you need in a design that you'll love.

separate grill

This Australian cooking essential allows you to grill and bake at the same time, while also keeping different cooking smells and flavours separate.

easy to clean

The Chef ovens are easy to maintain with features such as moulded shelf supports, acid resistant enamel and a full glass door, which can be easily dismantled for cleaning.

choice of ovens

Available in stainless steel or white:

Conventional – cooks by using heat from the bottom element.

Fan Forced – cooks by using a fan element to circulate heat evenly.

Multi-function – provides various cooking functions including fan forced, bake and fan grill.

cooktops

If you want straightforward solutions, choose from the range of Chef gas, ceramic or electric hobs. All surfaces are easy to clean and can be installed into a bench top above the oven or almost anywhere in the kitchen.

Now with a better fit, feel and finish than ever before, Chef built-in cooktops are your key to great food.

side controls

Stepped controls on the side of the cooktop make it easy to determine the heat needed for great cooking results.

easily installed gas cooktops

Models with battery ignition to the hob means that no electrical connection is required making installation easy and fuss-free.

easy clean ceramic

Not only does it look great, the durable glass surface on Chef ceramic cooktops are easy to clean, ensuring your kitchen is always looking its best.

easy to use

Moving pots and pans around on the Chef cooktops is made easy with the gas flat trivets support design.

rangehoods

Even the best recipes can produce unwanted odours and greasy steam during cooking.

Our rangehoods will help keep your kitchen fresher and cleaner and we offer three different styles; canopy, slide out or fixed. You can choose what looks and functions best in your kitchen.

installation flexibility

Slide out rangehoods are designed to blend into your kitchen cabinetry. For a truly seamless look you can replace the front fascia* with a custom made one that matches your cupboards. Additional flexibility is provided by the choice of recirculating or ducted installation options.

carbon filters

Carbon filters give the extra odour filtration required when ducted installation is not an option for your kitchen.

easy to maintain

Filters are easy to remove and can be washed in the dishwasher^.

*supplied by your kitchen installer or cabinet maker.

^900mm slide out filter will not fit into a standard dishwasher.

freestanding cookers

When it comes to modern styling, supreme durability and safety features, Chef's new range of freestanding cookers is the perfect choice for your kitchen. With a class-leading 80L gross oven capacity, you'll enjoy cooking for any occasion. Plus, our innovative anti-tilt technology provides the ultimate cooker stability, while seamless easy-clean features save you precious time.

Proudly Australian designed and made to complement any kitchen, Chef freestanding cookers are available in electric or gas with everything you need to make cooking a breeze.

cooktop options

Choose from our practical range of electric cooktops with standout features like easy-clean solid or sleek, flat ceramic hobs.

Selected gas models also include a wok burner, which is perfect for stir-fry lovers.

features

Class-leading capacity

With a 80L gross oven capacity, Chef freestanding cookers have the largest cavity in the whole 54cm freestanding cooker range. And that means you can entertain guests and cook big family meals with absolute ease.

Cool glass door

Designed with a cooler surface temperature, the oven door provides peace of mind with a special thermal coating for added safety. Plus, the super strong door assembly enables the oven door to withstand a hefty 38 kilograms when open.
(Grill in oven models only.)

Handy separate grill

Now you can grill and bake at the same time while keeping different cooking flavours and smells apart.

Easy-clean convenience

Save time and elbow grease with specially formed shelf supports and acid-resistant enamel. Plus, the removable glass door system allows for quick and easy cleaning and no trapped grease. With a Chef freestanding cooker, a simple wipe clean is all you need.

Modern stainless steel finish

Enhance the look of your kitchen with a Chef freestanding cooker. Now available in a stylish stainless steel finish, you can enjoy a sleek built-in oven aesthetic with full glass doors and a grill in the oven.

Sleek enamel surface

Enjoy a sparkling finish every time. With supreme durability on external surfaces, you can be assured your cooker will look as good as new for years to come.
