

# SYMPHONY PET

The unique design of the BISSELL Symphony™ Pet combines a pet vacuum with a pet steam cleaner giving you the ability to vacuum pet hair and debris and steam clean your hard floors at the same time. Switch seamlessly between functions while cleaning with the Easy Touch Digital Controls™ so you can vacuum and steam clean at the same or separately based on your cleaning needs. Keep your hands clean with the innovative Drop-IT™ tank emptying system. Plus, keep your pet friendly home free of harmful chemicals by using the power of steam to sanitise\* your floors – all you need is water.

- Vacuum and steam clean your floors at the same time.
- Exclusive Drop-IT™ technology makes it easier to empty messes and pet hair.
- Easy Touch Digital Controls allows you three ways to clean.
- Washable mop pads let you tackle your everyday messes over and over.
- Naturally sanitise\* your floors with only water – no chemicals.

\*When using the microfiber cloth pad and use as directed, results may vary. Tested under controlled lab conditions.
