

BLUETOOTH SPEAKER JAM

For those wanting more from music than 9-to-5. This means that every step outside the door becomes a jam session : with it's fresh design in black or orange, the Grundig Jam Bluetooth Speaker ensures a good mood. With a battery life of up to 30 hours, it won't decrease that quickly – thanks to the rechargeable lithium polymer battery. The Bluetooth streaming range of the device is also an amazing 30 meters, with uncompromised sound quality. The housing is waterproof, which makes it possible to enjoy music without a shadow of a doubt. You can even take calls easily using the hands-free function. And when you're caught short, the speaker can even be used as a power bank thanks to the micro-USB charging function.

- Battery life: up to 30 hours of music enjoyment
- Smartphone charging function thanks to the power bank
- Waterproof housing (IPX7)
- Music streaming - range up to 30 meters

Sound performance

With a total output power of 3.5 W RMS, the Grundig Jam Bluetooth Speaker provides impressive sound. Goes in the ear, stays in the memory.

**3,5W
RMS**

Battery life

The Grundig Jam Bluetooth Speaker works a 30 hour week in one go. That's how long you can enjoy music with the Grundig Jam thanks to the rechargeable lithium polymer battery with 3.7 volts and 2,500 mAh. Very few music lovers have such a long stamina.

Powerbank function

It's clear that the Grundig Jam Bluetooth Speaker is a bank – but it's also a power bank! Its power battery makes it ideal for charging your smartphone via its USB port while you continue to listen to music.
